**CONGRATULATIONS
TO OUR HYGIENE
THERAPISTS;
EDWARD AND KATIE,
IN COMPLETING
'LASERS IN
PERIODONTOLOGY'
TRAINING**

We are proud to announce that our dental hygiene therapists have successfully completed the 'Lasers in Periodontology' Course for Dental Therapists—an advanced programme designed to expand their knowledge and clinical skills in modern periodontal care.

This specific course equips the team with the most up-to-date understanding of laser technology in dentistry, including laser safety, wavelengths, and tissue interactions. With focused training on when and how lasers can be used effectively, our therapists are now able to integrate this cutting-edge technology into periodontal treatment to provide enhanced patient care.

What This Means for Our Patients

With this additional qualification, Edward and Katie are now equipped to deliver safer, more effective, and less invasive periodontal treatments. The integration of lasers into our periodontal care approach offers patients:

- Improved healing outcomes and faster recovery.
- Enhanced comfort during and after treatment.
- More effective management of periodontal disease.

A Commitment to Excellence

We are committed to investing in the ongoing education and professional development of our team.

By embracing the latest innovations such as laser-assisted periodontal therapy, we ensure our patients continue to receive the highest standard of care.

🎄 Join Our Giving Tree This Holiday Season! 🎄

We're excited to share that Giving Tree tags are on their way to our practice! Each tag represents a child in need, with a special gift request they (or their parents) would love to receive from Father Christmas.

While the names on the tags are fictional to protect each child's privacy, the gift wishes are very real – and your kindness can help make them come true.

🌟 How it works:

- Pick up a tag from the practice.
- Purchase the requested gift.
- You can purchase on line using the link below.

Together, we can spread joy and ensure every child has something magical waiting under the tree this Christmas.

Thank you for helping us make this season brighter!
